Review the table below listing our schools. For the 2018-19 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no status label is given.

Over the past twenty-five years, the Madison School District has experienced tremendous growth. The growth has allowed the district to increase our physical facilities and the educational opportunities available to every student that attends Madison. We are incredibly grateful and thankful for our residents. Without their continued support none of this would be possible.

At Madison, we focus on academic achievement, performing arts, and strengthening student leadership through athletics/extracurricular activities. Members of the Madison family are committed to upholding this high standard of excellence that students expect and deserve!

Sincerely,

Nick Steinmetz
Superintendent – Madison School District
