

Dear Madison Football Families:

I would like to take this opportunity to convey our coaching staff's enthusiasm for the upcoming 2022 football season. So far, our off-season has been a great success, due largely to the support from you parents and the commitment of our student athletes. As the summer quickly approaches, it is now the most critical portion of our off-season.

Football is a demanding sport both during the season and in the off season. We will train hard and expect the best from your student athlete in preparation for this upcoming season. Strength & conditioning sessions, along with skill work are all ways that we can improve both individually and as a team. Our strength training sessions benefit far more than just physical strength gains. We feel greater achievements are developing the mental toughness of our athletes and the building of their self-confidence. We **expect** our players to make the commitment to train **together** in our scheduled sessions to build team chemistry and trust that transcends the X's and O's.

The summer is not a time to focus exclusively on football, we understand that. We know your player has family obligations, vacations, and involvement in other sports. These are all very much encouraged by our coaching staff, and I would just ask that you let me know if your athlete will be missing for an extended period. Communication is a critical component of our program and important in our accountability to each other. If you have any questions regarding football at Madison, please do not hesitate to contact myself or one of the other coaches on staff. We are here for your athlete and will do anything in our power to make their football experience a positive and memorable one. I have included our summer calendar. Please understand, times and dates could be subject to change.

Sincerely,

Coach Scott Gallagher
