Developing individual excellence through rigorous academics, innovative technology and personal attention

A Message from the Superintendent

The Madison Family sincerely appreciates the support of Madison School District residents. The operating millage renewal and approval of the building and sinking fund allows the district to move forward with efforts outlined in the District's Strategic Five-Year Facility Maintenance Plan, *Madison's 2020 Vision*.

To learn more about Madison's 2020 Vision please visit:
www.madisonk12.us/wp-content/uploads/2016/02/Strategic-Five-Year-Facility-Maintenance-Plan-2-18-2016.pdf

The District appreciates the taxpayers' support and will continue to use these funds as an investment to fund infrastructure and safety improvements in our buildings. We strive to provide a standard of excellence for our students that will continue well into the future.

I wish to thank the students, staff, parents, grandparents, guardians, and community members who have contributed to Madison School District during this school year. It has been another banner year for our schools, and I want each of you to know that your contributions are recognized and very much appreciated.

Have a restful and fun summer break!

Sincerely,
Ryan Rowe, Superintendent

The rankings were determined by information gathered by *U.S. News & World Report* and American Institutes for Research and are based on student performance on college-readiness, proficiency test scores, and the performance of the district's least-advantaged students in comparison to the state average. Madison's reading and math proficiency scores continue to remain near the state averages.

News from the Elementary Art Room

Many of our art projects provided a means for integrating and enhancing subjects that our students were learning in the classroom.

For example, our kindergarten students made connections to nature while creating caterpillars and butterflies, with a focus on symmetry. While learning about weather and color, first graders painted rainbows and second grade students created birds and turtles while learning about different wildlife habitats.

Upper elementary students also made connections to classroom learning through art. Third grade students used water cycle bracelets to remind them of each step of the cycle and created tornadoes while studying weather. Fourth grade students drew their names in artwork in one point perspective and wrote and designed their own "how to" books. Tessellations and one-point perspective drawings helped fifth graders explore math concepts.

Notice of Non-discrimination Policy It is the policy of Madison School District that no person shall, on the basis of race, color, national origin, sex or handicap, be excluded from participation in, be denied the benefits or, be subjected to discrimination during any program or activity or in employment. Any questions concerning the Title XI of the Education Amendments of 1972, which prohibits discrimination on the basis of sex, along with inquiries related to Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap, should be directed to the Superintendent of Schools at Madison School District, 3498 Treat Highway Adrian, MI 49221. Phone 517-265-1840.

Public Act 198 of 1971, the Mandatory Special Education Act, establishes the right to handicapped person(s) from birth through the age of 25, to equal opportunity within the public schools. THIS MEANS THAT HANDICAPPED CHILDREN DO NOT NEED TO WAIT UNTIL THEY ARE SCHOOL AGE TO BENEFIT FROM SPECIAL EDUCATION SERVICES. It is important that help be obtained for the handicapped at the earliest possible age. In the State of Michigan, this help is free and is available through your public schools. A team of educational specialists evaluate the child to determine the type and degree of disability and the best kind of program placement. This evaluation often includes medical specialists. Pre-primary Special Education services are available for: Emotionally Impaired, Mentally Impaired, Physically & Otherwise Health Impaired (POHI), Hearing Impaired, Visually Impaired, Speech & Language Impaired, Specific Learning Disabled. If you know a pre-school child who may benefit from these services contact the Board of Education at 517-265-1840.

Our Vision: Developing individual excellence through rigorous academics, innovative technology, and personal attention
