MADISON SCHOOL DISTRICT NEWSLETTER

JUNE 2017

*Developing individual excellence through rigor, innovation and personal attention*

## From the Superintendent's Desk:

Although the fall season, with crisp weather and distinct colors is my favorite time of the year, I very much enjoy the spring season as well. I began my career teaching high school science at Manchester. Each spring we used a small green house to raise plants and conduct experiments as a relevant way to illustrate the concept of life cycle. As you are well aware spring signifies an opportunity for growth, especially for those whose livelihood depends on the production of plants or crops.

This idea is somewhat contrary to what we envision with education. For many, spring signifies the conclusion of yet another school year, the final chapter for educators and students alike. Throughout my career whether I was at Manchester, Onsted, the LISD, or Madison, spring signified the end to yet another year, but also provided me an opportunity to grow, the chance to improve, to plan and prepare to make the next school year even better than the last. I believe as a teacher, assistant principal, principal, associate superintendent, and now superintendent, one of the best ways in which to grow is to reflect. Looking back on each year coming to a close provides a chance to learn from what went well and what may need to be addressed or improved. At this time I reflect on the numerous accomplishments that occurred this year at Madison and give thanks to the individuals who put forth substantial effort to accomplish remarkable results.

I do my best to thank those who contributed in so many ways to provide opportunities to our students. These individuals include teachers, staff members, parent volunteers, grandparents, community leaders, and senior citizens, to name a few. Individuals each day share their talents with the District so students have the greatest opportunity to succeed. However, students do not succeed on their own. They rely heavily on support and encouragement as they strive to be the best they can be. As a father I am well aware of the successes and challenges parents face as they do their best to support their children. I sincerely thank the parents, grandparents, and guardians who have contributed as a positive role model for children throughout this school year. I want you to know that your contribution is recognized and very much appreciated.

# Madison Instrumental Music 2017-18

## Dear Parents of a child entering the 6th grade next fall,

Recently your child attended a concert showcasing all of the musical opportunities available to them in string orchestra and band.

The four string orchestra instruments are:  
**Violin, Viola, Cello, Bass**

## The Band Instruments

- Flute, Clarinet, Alto Saxophone, Trumpet, Trombone
- Baritone and Tuba-- These are low brass instruments. Students will often start on Trumpet or Trombone and switch to these instruments.
- Percussion – Students must play one of the instruments above first in order to play percussion. They must audition to show competent rhythm and note reading skills. Percussion is very competitive. We can only have 2 to 3 percussionists per grade level.

## Why Join the Band or Orchestra?

- Improved concentration, coordination, self-discipline
- Current research suggests a correlation between instrumental music studies and higher standardized test scores
- Performing is a great learning experience and a way to share music with the community
- It is a wonderful outlet for young students to express his or her artistic ability
- Make new friends
- Helps build the appreciation of music
- Raise self-confidence, no one sits on the bench

## Who can join?

Students entering the 6th grade for the 2017-2018 school year who have the desire to learn how to make music. No advance musical training is required. The students will start from the very beginning learning how to hold the instrument and learning how to read music.

## How do you rent or buy an instrument?

SHAR Music and Marshall Music offer programs where you can pay a small monthly fee to rent an instrument. Money that you put in rental fees will go toward the purchase of any instrument that they sell. These rental programs include maintenance and upkeep on the instrument being rented. If finances are an issue, we will work something out. We have several school instruments available for use.

## Dates to write down

**Week of June 5th** – Students can be fitted for an instrument during the school day. Marshall Music will be here.  
**Thursday, June 8th** at 6pm in the High School Band/Orchestra Room – Instrumental Music Parent Meeting – This is a meeting in which parents can ask questions and students have another opportunity to test out an instrument.

\*\*\*\*\*Please email Mrs. Zeckner ([marcie.zeckner@madisonk12.us](mailto:marcie.zeckner@madisonk12.us)) if you have any questions. If you miss all the above opportunities to be fitted for an instrument you can get information to call and order an instrument from Marshall. They will also be here next fall during the open house.

## Washington DC 2017

All current 7th grade students are invited to attend the trip as 8<sup>th</sup> graders next year. There are still available seats, but they are filling quick! Students must be in good standing in order to attend. Beginning the first day of the final trimester, March 13, 2017, students who earn 4 behavioral referrals, and/or have been suspended in or out of school are NOT considered to be in good standing. This also includes any infractions incurred during September and October of the new school year (2017-2018). If students fail 4 or more classes during the second and third trimesters of the current school year cumulatively, they will not be considered to be in good standing. There is the option of due process where the student may appeal their case to a committee panel for review. The total cost for the DC trip is \$699. Further information may be located on the school website under 8<sup>th</sup> Grade Class Trip.

On May 12, this group of awesome students competed in the Special Olympics against other students from the area. The whole school sent them off by cheering them down the hallways before they left! Great job to all!

## Fall Frenzy 2017

Madison Middle School has been fortunate to have held on to an 11 year tradition of a school-wide team building day. In the past this exciting day has been known as May Madness and June Jubilee, but with state testing it has been difficult to keep this event during the spring. However, the team is determined to make this day happen every year no matter what!

With that said, Friday, October 6, 2017 is scheduled for next year's "Fall Frenzy" team building day (rain make-up date is October 13). The day is spent with teams of students from all grade levels participating together to accomplish various games and activities. Teams are rewarded for their team sportsmanship rather than who finishes first, emphasizing the team concept.

To further emphasize the team concept we like to all wear a student designed shirt the day of the event. Each team captain selects a color to show team unity. The entire school participates in this event and purchases the T-shirts.

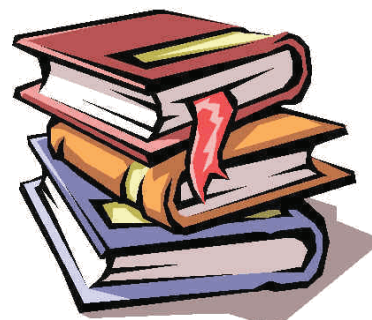

The cost of the shirts is \$6 (add \$1 for 2XL or larger). Students may add ONE name/word on the back for an additional cost of \$4. For your convenience shirts may be purchased through MySchoolBucks beginning June 1<sup>st</sup>, through the summer, until the event.

This is a really special event for the Middle School, which results in new friendships and long-lasting memories. If you have any questions, please contact Mrs. Matthews ([danyelle.matthews@madisonk12](mailto:danyelle.matthews@madisonk12)).

## TLC Reality Fair

TLC Community Credit Union again this trimester put on a Reality Fair for our seniors. In preparation for the activity, the seniors researched entry-level salaries for their chosen occupations. As they entered the Reality Fair, they found out their monthly take-home pay (after taxes & medical insurance were deducted). Their challenge was to purchase housing, transportation, utilities, food and other necessities while living within their means. Thank you, TLC, for this valuable experience.

# Stay Connected.

We Believe - The foundation of education is a partnership that includes two-way communication between family, school, and community – the Madison Family. Stakeholders are invited and encouraged to become involved in our schools. Please contact us if you have questions, concerns, suggestions, or would like to volunteer. Our strength and our success is in our relationships with members of our community.
