Madison Elementary School Receives Grant

2018-19 School Improvement Goal to Focus on the "Whole Child" through strategies related to Nutrition, Physical Activity, and Social & Emotional Health

This spring, Madison Elementary School was awarded the Incorporating Health and Wellness Into School Improvement Plans Statewide Pilot (IHSIP) grant. This grant is funded by the Michigan Health Endowment Fund to begin the work of incorporating a health related goal into the School Improvement Plan.

Michigan Elementary & Middle School Principals Association (MEMSPA) is collaborating with the Michigan Department of Health and Human Services (MDHHS), Michigan Department of Education (MDE) and the Michigan School Health Coordinators Association (MiSHCA) to Integrate Health Into School Improvement Planning. Madison Elementary School is one of 12 schools in Michigan chosen to focus on Student Health and Academic Achievement. This is a process grant that invites schools to attend to the needs of the whole child. We recognize that, "Together, we can make a difference".

Our 2018-19 School Improvement plan will include a health related goal with three measurable objectives. By implementing strategies related to nutrition, physical activity, and social & emotional health, we will improve our school health and, as a result, we expect to see improved academic performance and fewer behavior incidents.

One difference you'll notice this year is the way we celebrate birthdays. In lieu of birthday treats, we will celebrate your child's birthday with a special activity. At the June Board of Education meeting, the Madison Board of Education approved the following update to the Madison Elementary Handbook:

At Madison Elementary School, we believe keeping children healthy and safe. The rate of childhood obesity, food allergies, food sensitivities, and foodborne illness is increasing at an alarming rate. To that end, we will partner with you to promote our nutritional goals.

Birthday Celebrations

We ask for your support for food-free birthday celebrations. We realize that children want to feel special on their birthday, but we ask that we do not use food in the classroom to celebrate. Instead, we will ask your child to choose a special activity from the birthday celebration menu, empowering your child to choose an activity to make his or her special day a memorable one. If there is something that your child would rather do, please contact the teacher. Activities should be able to be completed/shared in 15 minutes. Your child’s teacher will communicate with you near the time of his or her birthday. The Madison birthday celebration menu includes:

- Dance Party/GoNoodle Party
- Show & Tell
- Extra Recess
- Choice Time
- Classroom Games
- Guided Drawing/Art Project
- Favorite Book/Guest Read Aloud
- Pick Your Seat

Thank you for the playground improvements!

Madison Elementary School is grateful for those who have contributed to the improvement of our outdoor facilities this summer. We would like to make special thanks to Jim Hartley and the Adrian morning rotary for installing two new Buddy Benches, as well as working with Underwood Nursery to plant two maple trees near our playground and baseball fields; to PATT for helping to fund the installation of a Poured in Place pad for the GaGa Ball Pit, the sealing of the basketball courts, the removal of old playground equipment, and the installation of new equipment. It takes a whole community to raise a playground, and we are forever grateful for our wonderful community partnerships.

Welcome New Madison Staff!

Parking and Drop Off Guidelines

Attention Elementary Parents: during drop off please avoid using the reserve parking for our Foster Grandparents. Our volunteers give over 20 volunteer hours a week and need to be in their classroom early. Thank you for your consideration in this matter.

Per Board Policy 8390, animals are not permitted on campus.

Animals permitted in schools and elsewhere on District property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder), those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the Principal may permit non-service animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

- A. the staff member seeking approval to have a non-service animal in his/her classroom shall:
 1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;
