Fundraiser for Laurie Fultz-Ritchie's Battle With Cancer

Laurie Fultz-Ritchie is a lifetime member of the Madison Family. She graduated from Madison in 1992. She went on to work here, first as a paraprofessional, then as a special education teacher for the past 14 years. Many of you know that Laurie is battling Squamous Cell Carcinoma. One week ago, she began an eight week stay at a Cancer care facility in Oldsmar, Florida. As you can imagine, the expenses are overwhelming. If you would like to make a donation to Laurie and her husband, John, there is a donation button on MySchoolBucks.

Matson Garza Named National Merit Finalist

Senior, Matson Garza, was recently named a National Merit Finalist! This distinction is given to students whose SAT scores are in the 99th percentile or above! Matson plans to study Astronomy and Physics after graduation. Congratulations, Matson!

Mrs. Norlock Earns Madison Female Diversity Award

Madison High School was recently awarded The College Board AP Computer Science Female Diversity Award for expanding young women's access to AP Computer Science and helping to close the gender gap in computer science. Madison was one of only 750 schools in the nation to receive such recognition. A huge congratulations and thanks to Mrs. Betsy Norlock who currently teaches Computer Science Principles and AP Computer Science at the high school level.

Dear Parent(s)/Guardian(s),

Madison Middle School will administer the Preliminary Scholastic Aptitude Test (PSAT) on April 13th to students in the 8th grade. This date has been set by CollegeBoard and the Michigan Department of Education. The PSAT 8/9 is the first test in the SAT Suite of Assessments. Tightly aligned with the SAT and the PSAT/NMSQT, it establishes a baseline for college and career readiness. Testing will take place in the middle school gymnasium from 7:50am - 11:00 a.m.

Virtual students are encouraged to take the PSAT 8 with their classmates and are asked to register with the office for planning purposes.

The PSAT 8 will support all students with personalized feedback about his/her academic strengths and weaknesses, helping each student to prepare for success in college and careers. Parents and Educators will have an early opportunity to:

- Measure and follow student performance
- Ensure students are on target to achieve college and career readiness
- Pinpoint areas for development

Research indicates that students who take the PSAT are more likely to score higher on the SAT during their junior year of high school. This statistic is due in part to the familiarity of taking a timed, high-stakes test. Furthermore, every student that takes the PSAT 8 is given access to multiple online resources that provide free personalized SAT preparation along with college and career planning tools. These resources include:

- A PSAT 8/9 score report that includes detailed answer explanations
- A personalized study plan when the student links his/her PSAT 8/9 results to the Khan Academy site.

Parents, we appreciate your support of this assessment as your student continues on his/her journey through middle school, high school, and beyond. In preparation for this assessment, please discuss this opportunity with your child and encourage him/her to give their best effort. It is important to remember that testing is a part of learning. State assessment results do not impact student grades. These assessments are designed to provide information surrounding student knowledge, preparing for college and career readiness.

If you have any further questions regarding the PSAT 8, please do not hesitate to call my office at 263-0741 X 225.

Sincerely,

Karla Fisher
Madison Middle School Counselor

NCAA Requirements

If you have a son/daughter interested in competing athletically at the NCAA Division I or II level, please be aware that the NCAA has certain academic requirements. It is a good idea to check with Mrs. Stelzer regarding your child's academics to be sure he/she is on track for eligibility. The process begins in the 9th grade. Please call 517-265-1843 to make an appointment.

Calculator Buying Guide

Students entering sixth grade will use the TI-34 II Explorer Plus Calculators. Seventh grade students will use the TI-84 Silver Plus Graphing Calculators. Eighth grade students will use the TI-84 Silver Plus and the TI-Nspire. High School students will use the Inspire and Nspire CX.

Buying a TI-84 graphing calculator or Nspire is a great investment. Calculators are provided for students to use in the classroom. However, students will benefit from having their own calculator to use at home. Please check with your child's teacher for the specific calculator model.

News

We work hard to plan our menus, but due to national supply chain issues, we're having some trouble getting all of the food we ordered delivered to us. This challenge is out of our control, but our team is doing our best to come up with backup plans. Thanks for being flexible with us!

We will be doing weekly menus, this will help to insure we have the products we need for that week.

This institution is an equal opportunity provider

We are pleased to inform you that Madison School District will be participating in the Seamless Summer Option as part of the National School Lunch and School Breakfast Programs for the School Year 2021-2022.

The GREAT NEWS is that ALL students enrolled at our school can receive a healthy breakfast and lunch at NO CHARGE to your household each day. We still need your household to fill out and sign the Free and Reduced-Price Meal Application.

This information is critical in determining the amount of money that our school receives from a variety of State and Federal supplemental programs like Title I A, At-risk (31a), Title II A, E-Rate, etc.

These supplemental programs have the potential to offer supports and services for our students including, but not limited to:

- Instructional supports (staff, supplies & materials, etc.)
- Non-instructional services (counseling, social work, health services, etc.)
- Professional Learning for staff
- Parent and Community engagement supplies and activities
- Technology
- Pandemic-EBT

We are asking that you please complete and submit it as soon as possible to ensure that additional funding for our school is available to meet the needs of our students. All information on the application submitted is confidential. Without your assistance in completing and returning the attached application, our school cannot maximize the use of available State and Federal funds.

If we can be of any further assistance, please contact us.

Stay Connected.

We Believe - The foundation of education is a partnership that includes two-way communication between family, school, and community – the Madison Family. Stakeholders are invited and encouraged to become involved in our schools. Please contact us if you have questions, concerns, suggestions, or would like to volunteer. Our strength and our success is in our relationships with members of our community.
